

Baby Bath Tub

for confident, fun bath times

WARNING: PREVENT DROWNING. ALWAYS KEEP THE BABY BATH TUB AND YOUR BABY WITHIN SIGHT AND REACH OF AN ADULT.

- Drowning can occur in a very short time and in very shallow water (2cm). • Do not allow other children to substitute for ADULT supervision.
- If you have no choice but to leave the bathroom, take your baby with you.
- · Never lift or carry the Bath Bath Tub with a baby in it.
- · Always test the water temperature before bathing your baby. Bath water should not exceed 37°c. Recommended bath time 10 minutes maximum.

Baby Bath Tub made from polypropylene and SBS rubber. Made in France. Tested to Safety Standard XP S 54 048 and EN71-3 (relevant clauses). Registered Design.

months

8 kg (17 lbs)
